

ONE-DAY STARTUP DUE DILIGENCE

Our interactive session is designed to guide your management team (MT) through the process of building a complete data room. This comprehensive resource provides stakeholders with a 100% view of your company's status, enabling smooth due diligence and clear communication. The session lasts one day, with hands-on guidance from our experts to ensure your data room is set up correctly.

SESSION FOCUS

1

DATA ROOM STRUCTURE

We use proven templates to help you set up the data room with a logical structure.

2

TEMPLATE INDEX

A predefined index ensures you cover all essential areas.

3

OFFICE & FINANCIAL OPS REVIEW

We help you assess and organize your internal processes to ensure consistent and accurate information.
